WELCOME TO ABINGDON SIMPLY TEST

Abingdon Simply Test exists to empower everyone to gain a better understanding of their personal health and wellbeing via simple-to-use self-tests.

By testing discreetly at home – in areas such as male and female fertility, infectious diseases, health and wellbeing – people can take control and get quick results at their convenience. And seek medical advice or make lifestyle changes, where appropriate.

Join Us

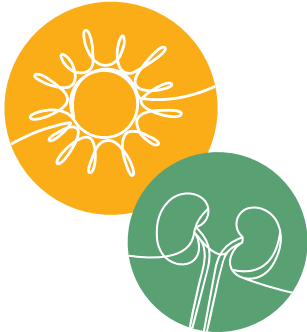

We work with distributors and retailers looking to provide their clients with meaningful and accessible self-testing solutions. Busy lives and stretched healthcare systems mean people need more solutions to get valuable health and wellbeing insights.
